### Reading

#### Shopping online - Yes or No?

**Inji - I love online shopping!**

Shopping online is great! Firstly, it saves me time. I don't want to spend lots of time travelling to the shops.

I can stay at home and buy the things I want in a few minutes. Secondly, I have more choices online. Also, if more people shop online, there will be fewer cars on the road and less pollution! I will do all my shopping online when I am older.

**Baher - I prefer going to real shops in my city.**

Every time I buy clothes online, the thing that I buy is wrong! At a shop, I can see what I am buying and I can try it first. Also, I don't like to waste time waiting for a delivery - I want things now! If everyone shops online, the shops in our towns and cities will close. If they close, then lots of other businesses like cafés will close, too.

**Reading****The Time Machine  
by H. G. Wells****London, England, 1895**

A group of friends meet for dinner at the Time Traveller's house. After dinner, the Time Traveller asks his friends if they think that it is possible to travel through time.

"It's impossible !" they reply, "We can only travel through space, not time."

The Time Traveller shows them a small model of a machine that he has in his hand.

"This is a copy of a machine that I believe can go through time. It took me two years to build," he tells them. The friends laugh. "Pull this lever" he tells one of them. They feel some wind and then the machine suddenly disappears !

"Where is it?" the other men ask.

The model machine is in the future," the Time Traveller says. "Would you like to see the real machine?" he asks. He takes them to another room. Inside the room is another, bigger machine. It is not finished.

"In this machine," he says "I will explore the past and the future!"

**Yours faithfully,**

**Dear Sir/Madam,**

I ordered a new game last week on your website. The delivery was today. When I opened the box, I found that I ordered a game for children aged 6-9 by mistake. It did not say this on your website. I was not happy about this because I want to play the game with my friends, and we are all 13 or 14. I would like to change the game for a new one that is for the correct age. Can you tell me how I can do this? I look forward to hearing from you.

**Yours faithfully,**

## Reading

Hi Tom,

How are you? Thanks for your last email. You asked me to describe my favourite snack. I love hawawshi and I often have it when I get home from school. It is easy to make. First, you need some nice bread. Then you put some meat and vegetables inside the bread. You can put some salt on it, too. I don't like to have any salt, though, because it isn't very healthy. Now you cook it in the oven. It is delicious! Do you have any favourite snacks?

Describe them to me in your next email!

Best wishes,

Osama

## What I eat?

My name's **Imad**. I am allergic to nuts, so I must be careful what I eat. If I eat something with nuts in it, I will get ill! For most of the time, this is not a problem. However, I like sweet things, and there are a few types of cake that have nuts in them, so I can't eat those.

I'm lucky because my mother makes me many different, delicious things to eat at home. She says I should eat more vegetables and salad. I have a lot of fruit, and that's healthy!

I'm **Mustafa**. I'm on the school athletics team and I go running every day, so I need food that gives me energy. I eat a lot of rice and pasta every day. I also eat a few healthy snacks, like nuts.

After athletics practice, my friends and I sometimes get some fast food, like pizzas, on the way home, but I try not to eat too much!

Judy plays squash every week and needs to be healthy, so what does she eat? She is allergic to nuts, so she doesn't eat any cakes because they sometimes have nuts in them. She eats a lot of fish because it helps to make her strong. A few hours before a netball game, she always eats some fish with a lot of pasta, because this gives her energy. When she is playing netball, she drinks a little water. Then, after the game, she eats a few sweets. She does not have many because she knows they are not very good for her.

## Language notes

I come from Okinawa In Japan and the diet on my island is very healthy. This is for three main reasons. Firstly, we eat a lot of fresh vegetables. We eat green, purple and yellow vegetables like spinach, sweet potato and peppers. Furthermore, we don't have much fat in our diet: we only eat a little meat and a few dairy products. Another important thing is that we eat a very healthy breakfast. We have soup with spinach or eggs with rice, and this gives us lots of energy to start the day.

### Review of the Museum of Modern Egyptian Art

Last month, I visited the Egyptian Museum of Modern Art in Cairo. Egypt is famous for its ancient art, but I was interested in seeing art by Egyptians from the 20th and 21st centuries.

From my point of view, the artists were really good because they showed what life was like in Egypt in the past and now. There were portraits of both important and normal Egyptian people. I thought the cartoons were also really cool! I also saw lots of sculptures, both big and small.

My favourite thing in the museum in the museum was a painting called Al Madina by Mahmoud Said. It made me feel happy because it was very colourful.

The best thing about the museum is that it is free to visit! I recommend visiting it if you are in Cairo, but it's a good idea to go early when it is not very busy.

**Reading**

**Radio reporter :** Today I'm visiting a very special school in Cairo. This is a music school for girls. All the students study their normal subjects in the morning and then practice their instruments in the afternoon. Many of the students at this school join an orchestra called the Al Nour Wal Amal Chamber Orchestra. This orchestra plays concerts in Australia, Germany, China and all around the world. What is most special about the school and the orchestra is that all the students here are blind!

The orchestra plays international classical and Arabic music. All the students learn to read the music using Braille, a type of reading you can do with your hands. Then they have to remember the music because they can't read and play at the same time. Let's go to meet some of the musicians.

**Reading****Little Women by: Louis May Alcott**

Meg, Beth and Amy were sewing when Jo came into the room with a newspaper. She sat down and started to read it. "Anything interesting?" asked Meg. "Oh, only a story", Jo replied. "What's it called?" asked Beth. She wondered why Jo was hiding behind the newspaper. "It's called The Rival Painters," said Jo. "Why don't you read it to us?" asked Amy.

Jo started to read it very quickly. The girls listened carefully. The story was very sad. "I liked it," said Meg at the end. She was crying a little. "Isn't it strange that the characters are called two of our favourite names?" Beth saw Jo's face. "Who wrote the story?" she asked. Jo jumped up, threw the paper down and said, "Your sister!" "You?" shouted Meg. "It's very good!" said Amy. "I knew it! I knew it! Oh, I am so proud" said Beth, hugging her sister.

You can find a lot of these just outside the stadium and they are free to use. All players should know how to get a COVID19-test every 72 hours.

**Review of Julius Caesar**

Last night, I went to see Julius Caesar. It's a play by the English writer William Shakespeare, but it's about a Roman ruler. Caesar's costume made him look very important! The scenery was amazing and it really looked like Ancient Rome.

(1) The people look like they are from Ancient Egypt because the costumes are very good, but the person who painted the scenery did not know how to paint! It was very long, and I didn't like the music. I wouldn't recommend this.

(3) From my point of view, this is the best place to find out about life in the last century. There are interesting sculptures of people and some amazing old technology. I loved the big, old phones!

If you want to learn about the world today, you should buy this!

(4) The story was very slow and there was very little action. I didn't really enjoy it because it made me feel sad. The best thing about it was learning what it is like to be blind. That must be very difficult.
