"The horses"

Horses are strong animals. They can live in the desert. They have large, beautiful eyes. They eat grass and drink fresh water. Horses are my favorite animals.

"The bears"

I like animals. My favorite animal is the bear. Bears eat fish. They use paws and claws to catch fish. My sister doesn't like bears. She thinks they are scary.

"Rhim gazelles"

Rhim gazelles look very beautiful. They live in the Sahara Desert. They have big ears and long horns. They don't need to drink a lot of water.

"Camels"

Camels have large, flat feet. They help us to carry things. Their milk is delicious. We can use their fur to make clothes. Camels are perfect for the desert. Camels can live without water for a long time.

"The fennec fox"

The fennec fox lives in the desert. It's smaller than other foxes. It eats insects, lizards and small mice. It has big ears. It can hear insects. It has thick fur to be warm at night.

Unit 3

"How to grow tomatoes"

Tomatoes have seeds inside. We can take the seeds and grow new tomatoes. We plant a seed and the plant grows. This is called germination. We water the plant every day. The plant grows flowers and the flowers become tomato fruits.

"Life on a farm"

I live on a farm with my family. We use plants to make the land green. We bring animals to the land. We use rainwater to water the seeds. I like the farm because it's quiet and beautiful. There are a lot of fruits and vegetables on the farm. I can also play with animals on the farm.

"The life cycle of a tomato"

First, you plant the tomato seed in soil. You put it in sunlight and water it. Next, the seed germinates, and it starts to grow roots under the soil. After that, the shoot grows above soil. The plant grows flowers and the flowers become tomato fruits.

"Agricultural habitat"

Farmers work in an agricultural habitat. They look after the trees. They grow plants like bean plants and orange trees. They sell some oranges to the supermarket. People need these plants to eat.

"The life cycle of the sunflower"

First, we plant a sunflower seed in soil. Next, the seed germinates and starts to grow. It grows leaves. After about 4 months, the sunflower opens and faces the sun. Finally, the sunflower dies and drops its seeds. The process begins again.
