PART 1

Important Topics

Important Topics

Unit 1

Our respiratory system

We use our respiratory system when we breathe in air through our nose, and it goes to our lungs. In the lungs, the oxygen in the air is passed to the blood. Our heart pumps this blood around our body.

Our different senses

We have five senses. We use them to do many things. We can use our eyes to see. We can hear with our ears. We can smell with our nose. We can feel with our skin. We use our tongue to taste. All our senses are very important.

What you like to do at the weekend

To : maged@gmail.com

From : yasser@gmail.com

Subject : What I like to do at the weekend

Dear Maged,

How are you ? At the weekend, I like to do many things. I'd like to go to the park. I can run and play there. I'd like to paint some pictures. I'd like to help mum tidy the room. I'd like to go to the club and practice football. Sometimes, I'd like to do creative things.

Yours,

Yasser

A swimming champion

Aya Ayman Abbas is one of the best swimmers. She is a swimming champion who has won a lot of medals. She has won the Egypt Cup three times. She was the first female Egyptian Paralympic swimmer in Rio in 2016. She has won a lot of gold, silver and bronze medals in different competitions.

The Paralympic Games

The Paralympic Games is an international competition. It is for athletes with disabilities. It takes place every four years like the Olympics. It is held in a different country each time. There are many Egyptian Paralympic athletes. They have taken part in different competitions. They have won many gold, silver and bronze medals.

Respiratory system

There are different systems in our body. The respiratory system is a very important system. It helps us to do many things. We use our respiratory system when we breathe. We use our nose to breathe in the air, and it goes to our lungs. In the lungs, the oxygen in the air is passed to the blood. Our heart pumps this blood around our body.

Unit 2

Reptiles

Reptiles are cold-blooded. They have to spend some time in the sun to keep warm. Most reptiles have four legs. They don't have hair or fur. They have scales. All reptiles lay eggs. Reptiles live in different places. Most of them live on land. Some reptiles live in rivers or sea such as turtles.

Animals in the world

There are many different animals in the world. Some of them are big, others are small. The biggest animal on land is the elephant. The biggest animal in the world lives in the sea. It is the blue whale. The biggest fish in the world is the whale shark. The smallest bird is the bee hummingbird. The biggest bird is the ostrich.

Insects and snails

To : fady@gmail.com
From : seif@gmail.com
Subject : Insects and snails

Dear Fady,

Do you know invertebrates ?
Invertebrates are animals without a backbone. Some invertebrates have hard shell such as snails. Snails move very slowly. Insects are also invertebrates. They have six legs. Grasshoppers are the most amazing insects. They can jump very high. The spider is not an insect. It has eight legs. It is called an arachnid. Spiders can move very quickly. See you soon.

Yours,
Seif

Water lily

Water lily have brightly colored flowers and they make seeds which float on water. In addition, their roots spread under the water, and they can cover a very large area. On one hand, this can look pretty, but on the other hand, it can make it difficult for other animals and plants to live under the water.

Birds

Birds are warm - blooded, but they don't have fur. They don't have hair. All birds have feathers and they have wings, too. Most birds can fly well. They lay eggs. Their eggs are hard. Also, birds have beaks. These beaks are made of bones. The beaks are of different shapes because birds eat different food. Some birds eat meat, some eat nuts and others eat seeds.

Amphibians

To : tamer@gmail.com
From : tarek@gmail.com
Subject : Amphibians

Dear Tamer,

I want to tell you about amphibians. Amphibians can live on land and on water, but they need water or a moist habitat to survive. Like reptiles, they are cold-blooded and they lay eggs. However, amphibians, like frogs and toads, always lay their eggs in water.

Yours,
Tarek

Unit 3

My community

My community is a group of people who live and work together in our area. I live with my family in an apartment. There are many special things about my community. There are different places, ideas and activities. In our community, we can do many good things. We help each other and do many acts of kindness. We are polite and helpful.

Scribes

To : ramy@gmail.com
From : osama@gmail.com
Subject : Scribes

Dear Ramy,

How are you ? Scribes were very important in the history of Egypt. They were the people who wrote down everything that happened in the past. They worked for the ruling families or who were called dynasties. They wrote in the ancient Egypt language, hieroglyphs. They drew pictures or symbols that meant one word. They wrote on stone or on paper called papyrus. Children learnt to become a scribe at school.

Yours,
Osama

Music

Egypt has many different styles of music. It has also lots of traditional folk music. Folk musicians from Upper Egypt play Saidi music. This type of music uses string instruments such as violins and the wind instrument oboe. Singing and drumming are also famous there. In the farther south, there is the Nubian music. The Nubian music is now popular all over Egypt.

Folk dancing in Egypt

Folk dancing has a long history in Egypt. It is linked to the folk music of different areas. There are many forms of folk dancing. The most famous one is Nubian dancing. People move their arms and feet to the rhythm of the music. There is also Raqs Assaya. It is the most famous dance from the Saidi musical tradition. In other forms of dancing, people wear special costumes.

How we know about the history of Egypt

Egyptians at that time used scribes to write down everything that happened. Scribes were very important people. They wrote in hieroglyphs, which are pictures or symbols that can mean one word or many ideas. We can see these hieroglyphs today in tombs and museums.

Unit 4

Your city

I live in a city. It's densely populated. There are more than 20 million inhabitants, so it's a very busy place. There are a lot of cars so there's also congestion. If you are a pedestrian, you have to be very careful.

The village life

I live in a nice village. It is by the Nile. It is sparsely populated. Only about 600 people live in my village. My father is a farmer. He grows crops. He also raises animals. There are many services. There are shops where we can buy our needs. There is also a club. We play football there. There is also a hospital with many clever doctors.

Traditional Egyptian crafts

I visited a spinning and weaving workshop. I saw the artisans making the carpets. They spin the wool to make it into yarn after they clean it. Then, they need to dye the yarn. I like the natural vegetable dyes as they are more traditional.

Where you live

I live in a city. We have a lot of services. We have schools, hospitals and lots of shops where you can buy anything. I live with my family in an apartment in a neighborhood called Amrya. It is densely populated. My city is so beautiful. It's on the Mediterranean Sea.

Carpet making

Carpet making is a traditional Egyptian craft. To make a carpet first, they collect the wool from sheep. The artisans spin the wool to make it into yarn after they clean it. Then they need to dye the yarn using vegetable dyes or synthetic dyes. The artisans make the carpets by hand using a machine called a loom.

The city you live in

I live in a big city. This city is called Alexandria. There are about 6 million people live in my city. It is densely populated. Although it is crowded and has many people, there are many services. There are clubs, gardens and beaches. People can enjoy all these services all the time. I enjoy going to the club to practice my favorite hobbies.

Unit 5

Natural resources

Natural resources are materials that we get from nature. We use them for many different purposes. There are two main forms of natural resources. Some resources are called renewable. Renewable resources can be naturally replaced when they run out. The sun, wind and falling water are examples of them. There are also non-renewable resources. They are things that we can't get any more once we have used them up.

Your day

My day starts at 7 o'clock when I get up. I wash my face and brush my teeth. I have my breakfast with my family at home. I take the bus to my school. When I finish my school day, I go home at 3 o'clock. I have my lunch. At 4 o'clock, I do my homework. In the evening, I watch TV or play computer games. I go to bed at 9 o'clock.

Renewable energy

To : samarali@yahoo.com

From : samasami@yahoo.com

Subject : Renewable energy

Dear Samar,

I am writing to you to tell you about renewable energy. Renewable

energy is from resources that will not run out. We can make electricity from renewable resources like the wind and water. We can also use sunshine in the desert to make electricity. The solar panels collect energy from the sun. We can use it to make electricity for our home because it is cheap. You can search for more information.

Yours,

Sama

Advantages and disadvantages of solar energy

Solar energy has become very important for some countries. It is the energy that we get from the sun using solar panels. It has some advantages and some disadvantages. Its advantages can be that solar panels are easy to look after. Also, the electricity from it is cheap. On the other hand, the disadvantages are that solar farms need a very big space. Solar panels are expensive and we can't make solar power on rainy days.

Unit 6

Types of transportation

There are many forms of transportation. They include planes, trains, ships, buses, cars and bikes. People use planes to travel from place to place when it is far. They use plane to transport goods too. They also use ships, but planes are faster and more comfortable. Now, there are electric trains and metros. People use cars, buses and taxis to travel around their cities.

How to create strong passwords

It is important to stay safe when we use the internet or go online. It is important to create a strong password. To do that there are many tips. Don't use your personal information like names, phone numbers or addresses. Don't use obvious words. You should use more than 10 characters. You shouldn't tell your friends your passwords. Don't use the same password for different accounts.

The Suez Canal

The Suez Canal is very important. There are many ships go through it every day. It links the whole world. In the Suez Canal, the ships move slowly. The ships have to be straight. There are many ships that carry

huge containers. The captains of these ships must be clever. The Suez Canal is also important for the Egyptian people because it gives many jobs to them.

"Search online safely"

Here are some important things to keep in mind to help you search safely. Use the safe search option in your browser. When the search engine shows you your results, you will probably see some ads. You might also see the word sponsor, this means that it is also an ad. Finally, use specific words for your searches.

"Tech jobs of the future"

One of the most important tech jobs of the future is a UX Designer. User Experience Designers create a positive experience between the user and the technology that the one uses, like web pages, apps and machines like washing machines. Another important tech job is robotics engineers. They are the people who design autonomous machines. They also test the robots that they design.

Part 2

6 Sample Tests on Units

1 Listen and answer the questions.

1. How many senses do we have ?
.....

2. What organ can we see with ?
.....

3. What can we use to hear ?
.....

4. How do our organs work ?
.....

2 Read and complete the dialogue with the words from the box.

system – digestive – lesson – respiratory

Sama : Good morning, Hana. How are you ?

Hana : Good morning, Sama. I'm fine, thanks.

Sama : It's our first school day in grade four.

Hana : Yes, I read the first English [1]

Sama : What is it about ?

Hana : It's about our digestive [2]

Sama : What does that system do ?

Hana : We use our [3] system when we eat and drink.

3 Read the following text and answer the questions below.

It's fun to play video games sometimes, but it's good to be active as well. Sitting still for a long time isn't good for your health. Sometimes people eat more unhealthy snacks when they are watching TV or playing on the computer. Try not to develop unhealthy habits. It's important to drink lots of water, especially on hot days. We should go outside with friends and do sports.

A. Choose the correct answer from a, b, c or d.

1. You sit still for a long time.

a. should b. shouldn't c. would d. have

2. Try not to develop habits.

a. funny b. healthy c. unhealthy d. good

B. Answer the following questions.

3. What should we drink on hot days ?
.....

4. What shouldn't we eat during watching TV ?

.....

5. Is it good to be active ?

.....

6. What should we do outside with friends ?

.....

4 The reader

A. Read and write T [True] or F [False].

- 1. Zeinab was happy on the second week of the holiday.
- 2. Zeinab wanted to visit her grandparents.

panels – electricity – perfect – collect

Mr Ali takes Seleem and his class to the new solar farm. Some workers are engineers. One of the engineers tells the class, "We will have more [1]..... in the city soon, and in your school too" We have so much sunshine in the desert, so it is the [2]..... place for a solar farm. The solar panels [3]..... energy from the sun and we can make that into electricity for our homes".

3 Read the following text and answer the questions below.

Natural resources are materials that we get from nature. People use these materials for different purposes. Some resources are what we call renewable resources because we can grow more. Meat is also a renewable source because farmers can raise more animals for you to eat. Wood is also a natural resource. We can plant trees to get more wood. Plastic is non-renewable resource. It's made from petroleum.

A. Choose the correct answer from a, b, c or d.

1. The main idea of the text is about.....

a. potatoes

b. natural resources

c. animals

d. farmers

2. Wood, wool and plastic are all.....

a. shapes

b. areas

c. materials

d. languages

B. Answer the following questions :

3. How can we get more wood ?

4. Why is the meat a renewable source ?

5. What are natural resources ?

6. What is plastic made from ?

4 The reader

A. Read and write T [True] or F [False].

1. Grandpa wanted to be a vet.
2. Zeinab wanted to visit her grandparents.

T	F
<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>

B. Choose the correct answer from a, b, c or d.

1. Some make tables and chairs from wood.
 a. farmers b. mechanics c. artisans d. teachers
2. Grandpa was one of the makers.
 a. button b. train c. chair d. tent

5 Choose the correct answer from a, b, c or d.

1. I up for school at 6 o'clock.
 a. wakes b. wake c. waking d. to wake
2. My brother does homework after school.
 a. his b. her c. she d. him
3. Tarek never to school on foot.
 a. go b. goes c. to go d. going
4. This bag is My father bought it for me.
 a. me b. my c. mine d. I

6 Put the words in the correct order to make sentences.

1. the – resources – What – natural – are ?

2. renewable – and – Water – resources – wind – are.

7 Write an email of FORTY (40) words about renewable energy. Your name is Sama and your email address is samasami@yahoo.com. Your friend's name is Samar and your friend's email address is samarali@yahoo.com.

1 Listen and answer the questions.

1. How can we transport goods ?
.....

2. How do ships move ?
.....

3. What transportation is faster than ships ?
.....

4. Why is fresh food transported by airplanes ?
.....

2 Read and complete the text with the words from the box.

items – fresh – distances – bad

There are many ways of transporting goods. We use planes for transporting (1) foods. Planes are fast and are useful in long (2) Ships move slowly, but they can carry large (3) such as automobiles and machinery.

3 Read the following text and answer the questions below.

There are many ways of transporting goods and products over long or short distances. First, we can transport goods long distances by water. Ships move slowly, but they can carry large items such as automobiles and machinery. Second, we can transport goods long distances by air. Airplanes are faster than ships so air travel is good for transporting fresh food. Next, rail, road and pipelines are also used for transportation. Freight trains can travel across the country and trucks can travel from city to city. Pipelines are used for carrying natural resources such as oil, natural gas and water. Finally, different forms of transportation are used for transporting different goods. The transportation we use depends on the product, the time available and the distance.

A. Choose the correct answer from a, b, c or d :

1. The text is about

a. trucks

b. freight trains

c. short distances

d. transporting goods

2. The underlined adverb "slowly" is the opposite of

a. quickly

b. heavily

c. happily

d. sadly

B. Answer the following questions :

3. What are used for carrying natural resources ?
.....

4. Are airplanes better for transporting than ships ? Why ?

.....

5. Give two ways of transporting goods.

.....

6. What transportation can travel across the country ?

.....

A. Listening

1 Listen and answer the questions.

1. What can't we do with energy ?

.....

2. What do we use solar panels for ?

.....

3. What does solar energy turn into ?

.....

4. What kind of electrical energy is there in TV ?

.....

B. Reading

2 Read and complete the text with the words from the box.

nutrients - esophagus - lungs - digestive

The food you eat takes an incredible journey through your body. We use our [1]..... system when we eat and drink. The main organs that make up the digestive system are : the mouth, [2]....., stomach, small intestine and large intestine. Digestion is important because your body needs [3]..... from the food you eat and the liquids you drink in order to stay healthy and work properly.

3 Read the following text and answer the questions below.

Birds are warm-blooded, but they don't have fur or hair. All birds have feathers, and they all have wings. Birds lay eggs which are hard. Most birds can fly, but some can't. They have beaks, which are made of bones. Their beaks are different shapes because they eat different food; some birds eat meat, some eat nuts and some eat seeds.

A. Choose the correct answer from a, b, c or d :

1. The text is about.....

a. birds

b. mammals

c. reptiles

d. fish

2. Birds lay eggs which are.....

a. hot

b. hard

c. soft

d. warm

B. Answer the following questions :

3. What don't birds have ?

.....

4. Can all birds fly ? Why ?

.....

5. Why are birds' beaks different ?

.....

6. What are birds' beaks made of ?

.....

4 The reader

A. Read and write T (True) or F (False) :

1. Grandpa was one of the best artisans in Khayameya Street.

T **F**

2. Zeinab doesn't want to visit her grandparents.

B. Choose the correct answer from a, b, c or d :

1. Grandpa likes sewing Khayameya design with

- a. clothes b. lotus flowers c. socks d. grass

2. wanted to be an engineer in the past.

- a. Grandpa b. Zeinab c. Rasha d. Lobna

C. Writing

5 Choose the correct answer from a, b, c or d :

1. Some crabs can move in water than on land.

- a. fastest b. fast c. faster d. the fastest

2. This is my cousins' house. It's

- a. ours b. hers c. theirs d. mine

3. Have you ever on a plane ?

- a. being b. been c. be d. to be

4. Omar always his hands before eating.

- a. washes b. washing c. to wash d. wash

6 Put the words in the correct order to make sentences :

1. are - Some - driving - workers - trucks.

2. place - village - a - traditional - My - is - very.

7 Write a paragraph of FORTY [40] words using the following guiding elements :

"Our respiratory system"

A. Listening

1 Listen and answer the questions.

1. Where does Nour live ?

.....

2. Where did people start to live about 9,000 years ago ?

.....

3. How many separate areas did Egypt have in the past ?

.....

4. Who joined the two parts ?

.....

B. Reading

2 Read and complete the dialogue with the words from the box.

fun - have - go - hard

Younis : Good morning, Amr. Have you ever been on a train ?

Amr : Good morning, Younis. Yes , I [1]

Younis : Where did you [2]

Amr : I went to Luxor with my friends.

Younis : Was it [3]

Amr : Yes, it was fun.

Younis : What was the train like ?

Amr : It was very big.

3 Read the following text and answer the questions below.

Vertebrates are animals with a backbone. Reptiles are cold-blooded. This means that they have to spend time in the sun to **keep** warm. Reptiles have four legs. They don't have hair or fur. They have scales. In addition, all reptiles lay eggs. Most reptiles live on land. Some can live in rivers or the sea, such as turtles, but they come onto land to lay their eggs.

A. Choose the correct answer from a, b, c or d :

- The text is talking about.....
 a. rivers b. turtles c. reptiles d. scales
- The underlined word "keep" in the text means.....
 a. spend b. stay c. come d. lay

B. Answer the following questions :

- How many legs do reptiles have ?

- Can we find turtles' eggs on the land ?

- Why do reptiles have to spend time in the sun ?

- What are vertebrates ?

4 The reader

A. Read and write T (True) or F (False) :

- Grandpa's favorite design is lotus flowers. T F
- Zeinab doesn't like sewing.

B. Choose the correct answer from a, b, c or d :

- Grandpa liked sewing lotus flowers and geometric.....
 a. problems b. layers c. patterns d. stitches
- Grandpa's..... taught him to sew.
 a. father b. mother c. brother d. sister

C. Writing

5 Choose the correct answer from a, b, c or d :

- We..... to have a good diet to stay healthy.
 a. needs b. needing c. need d. needed
- How..... types of animals lay eggs ?
 a. much b. often c. long d. many
- Hatem..... at home yesterday. He traveled to Luxor last week.
 a. weren't b. wasn't c. isn't d. haven't
- I washed the dishes..... mom was sweeping the floor.
 a. while b. although c. for d. where

6 Put the words in the correct order to make sentences :

1. a - big - shark - How - is - whale ?

2. folk - lots of - traditional - Egypt - music - has.

3 Read the following text and answer the questions below.

Natural resources are materials that we get from nature. People use these materials for different purposes. Some resources are what we call renewable. Renewable resources can be replaced when they run out. So, potatoes are renewable resources because we can grow more. Meat is also a renewable resource because farmers can raise more animals for you to eat. Plastic isn't renewable resource. It's made of petroleum, so we can't get more when it runs out.

A. Choose the correct answer from a, b, c or d :

1. The main idea of the text is about.....

- a. animals b. potatoes
c. natural resources d. materials

2. Meat and..... are examples of renewable resources.

- a. potatoes b. plastic c. coal d. oil

Hamza : Where does the air we breathe go ?

Reham : It goes to our lungs.

3 Read the following text and answer the questions below.

Folk dancing has a long history in Egypt. It is linked to the folk music of different areas. Nubian dancing is lively and colorful. People move their arms and feet to the rhythm of the music. Raqs Assaya is probably the most famous dance from the Saidi musical tradition. The dancers use sticks [Assaya] and step quickly in special patterns. The Tahtib is also from the tradition of Saidi music. The dancers carefully perform a dance with sticks in a way that looks like fighting.

Dancers wear special costumes. These can be dark and plain, or bright-colored and patterned. In the cities alongside the Suez Canal, there are international types of music and dance. Musicians play the simsimeya, a Bedouin instrument, as well as drums.

A. Choose the correct answer from a, b, c or d :

1. The underlined word "simsimeya" is a/an.....
 a. tool b. equipment c. instrument d. toy
2. The text is about.....
 a. folk patterns b. folk dancing c. folk cities d. special costumes

B. Answer the following questions :

3. What do dancers use in Raqs Assaya ?

4. Does the folk dancing depend on the place ?

5. Why does the Tahtib look like fighting ?

6. How was dancers costumes ?

4 The reader

energy that we need in our body.

Essmat : That's great.

3 Read the following text and answer the questions below.

We all need to eat a good diet to stay healthy. But what is a good diet ? A good diet includes lots of fresh food and plenty of water to drink. Our brain is about 75% water and it needs water to work well. We should eat fresh fruit and vegetables because they are full of vitamins and have a lot of fiber and minerals. We need these for healthy skin, muscles, bones and teeth. We should eat plenty of protein too, because this helps us grow.

A. Choose the correct answer from a, b, c or d.

1. The main idea of the text is about

a. the mammal	b. a good diet
c. competitions	d. transportation
2. The underlined phrase "plenty of" means

a. a little	b. a few	c. a lot of	d. any
-------------	----------	-------------	--------

B. Answer the following questions :

3. What do vegetables and fruit have ?

.....

4. What does a good diet include ?

.....

5. What foods are high in fiber ?

.....

6. Why should we eat plenty of protein ?

.....

4 The reader

A. Read and write T [True] or F [False] :

1. Zeinab has weak friends.
2. Khayameya School is traveling all summer.

T	F

B. Choose the correct answer from a, b, c or d :

1. Zeinab goes to her grandparents by

a. bus	b. train	c. car	d. airplane
--------	----------	--------	-------------
2. makes amazing art.

a. Zeinab	b. Engy	c. Doha	d. Rasha
-----------	---------	---------	----------

C. Writing

5 Choose the correct answer from a, b, c or d.

1. Amira go to the club on Sundays.
a. hasn't b. wasn't c. isn't d. doesn't
2. Will you to the zoo next week ?
a. goes b. going c. go d. to go
3. These pens belong to Moaz. They are
a. his b. hers c. her d. mine
4. Ancient Egyptians in hieroglyphs.
a. write b. wrote c. writes d. writing

6 Put the words in the correct order to make sentences :

1. city – are – services – What – in – your ?

2. dancing – a long – Folk – history – has – in Egypt.

7 Write a paragraph of FORTY (40) words using the following guiding elements :

"Our senses"

Guiding elements :

- What are our five senses ?
- How do we use each one of them ?
- What is sign language ?
- What is Braille ?

.....

3. What can Eyad use to go everywhere ?

.....

4. What is Eyad's favorite place in the city ?

.....

B. Reading

2 Read and complete the dialogue with the words from the box.

services - live - free - densely

Ali : Hello, Younis. Where do you live ?

Younis : I [1] in Greater Cairo.

Ali : Is it sparsely or [2] populated ?

Younis : It's a metropolitan area and densely populated.

Ali : What services are there ?

Younis : We have a lot of [3] like shops, hospitals and schools.

Ali : It sounds a nice place.

Younis : Yes. I like my city.

3 Read the following text and answer the questions below.

Some resources are what we call renewable. Renewable resources can be replaced when they run out. So, potatoes are a renewable resource because we can grow more. Meat is also a renewable resource because farmers can raise more animals for you to eat. Wood is renewable, too.

Then there are non-renewable resources. These are things like plastic, metal, and petroleum. Once we have used all of them up, we can't get any more here on Earth.

A. Choose the correct answer from a, b, c or d.

1. The text is about
 a. natural resources b. farmers c. earth d. animals
2. The underlined word "grow" means
 a. put b. stick c. plant d. hide

B. Answer the following questions :

3. Why is plastic non-renewable ?

4. What are renewable resources ?

5. Why is meat a renewable resource ?

6. Why are potatoes renewable resource ?

4 The reader

A. Read and write T (True) or F (False) :

Listening Texts of Sample Tests

Sample Tests on Units

Sample Test on Unit 1

• Listen and answer the questions :

As humans, we have five senses. Our senses are working all the time. Everyone needs senses in life. Hearing, sight, smell and taste are some of them. We can see with our eyes. We can hear with our ears. We can smell with our nose. We can taste with our tongue. Our body organs work together with these senses.

Sample Test on Unit 2

• Listen and answer the questions :

Amphibians can live on land and on water. They need water or a moist habitat to survive. Amphibians are cold-blooded and they lay eggs. Frogs and toads are amphibians. They have smooth skin. They can take oxygen through their skin.

Sample Test on Unit 3

• Listen and answer the questions :

Egypt is famous for its great, long history. People started to live near the Nile about 9,000 years ago, in 7000 BCE. At first, Egypt had two separate areas, Lower Egypt and upper Egypt. Lower Egypt was in the north, where the Nile joins the sea. Upper Egypt was in the south, where the Nile flows through the deserts of Africa.

Sample Test on Unit 4

• Listen and answer the questions :

I'm Rahma. I live in a big city. My city is an urban environment. Many people live in my city so it's densely populated.

There are a lot of cars and buses. The city is a very busy city, so it takes a long time to go to school. It is not easy to travel around but I like my city.

Sample Test on Unit 5

• Listen and answer the questions :

Teamwork is very important for the success of a project. Share your ideas and feelings with the other team members. You should be open about how you're feeling about a project. Remember to be sensitive and polite with your team. You should listen to other's ideas. If you find your role difficult, ask for help.

Sample Test on Unit 6

• Listen and answer the questions :

There are many ways of transporting goods and products over long or short distances. First, we can transport goods over long distances by water. Ships move slowly. Ships can carry heavy items. Second, we can transport goods over long distances by air. Airplanes are faster than ships so air travel is good for transporting fresh food.

Sample Test 1

• **Listen and answer the questions :**

We can't destroy energy. We can only change it from one kind of energy to another kind. This is called transfer of energy. We use solar panels to collect sunlight. The solar energy is turned into electrical energy. When you use this electrical energy for a television, it is now mechanical energy.

Sample Test 2

• **Listen and answer the questions :**

Nour live in Egypt. He's Egyptian. Egypt is a country with a very long and interesting history. People started to live near the Nile about 9,000 years ago. At first, Egypt had two separate areas. Lower Egypt was in the north. Upper Egypt was in the south. In about 3100 BCE, one pharaoh joined these two parts to unite the country of Egypt.

Sample Test 3

• **Listen and answer the questions :**

I'm Khalid. I live in Alexandria. It's a beautiful city on the Mediterranean Sea. It is famous with its beaches and great places. As you might know, it's the second largest city in Egypt with a population of 5 million people. It has an important port that many ships stop there. There are many beautiful places you can visit here, like Qaitbay Citadel and Montaza Palace.

Sample Test 4

• **Listen and answer the questions :**

There are lots of interesting things to see under the sea ! Some fish are very brightly colored, and so are some plants. The coral is very bright and has different colors, so the fish can hide from bigger fish. In addition, many predators don't

eat prey that is brightly colored. Bright colors can be a warning that the animal is poisonous.

Sample Test 5

• **Listen and answer the questions :**

Aya Ayman Abbas is a swimming champion. She won the Egypt Cup three times. Aya was the first female Egyptian Paralympic swimmer in Rio in 2016. She has won lots of gold, silver and bronze medals in many different countries.

Sample Test 6

• **Listen and answer the questions :**

Birds are vertebrates. Vertebrates are animals with a backbone. Birds are warm-blooded. All the birds have feathers and wings. There are different sizes of birds on the Earth. The smallest bird is the bee hummingbird, which is about 5.5 cm long. It lives in Cuba. The biggest bird is the ostrich. It can be 2.5 m tall ! Ostriches can run faster than leopards, but they can't fly.

Sample Test 7

• **Listen and answer the questions :**

A lot of cities are developed near bodies of water like rivers, lakes or oceans. These bodies of water are very important for cities because they have birds and animals which give people food to eat. A city trades its goods with other places. Fresh water can be used for irrigation.

Sample Test 8

• **Listen and answer the questions :**

My name's Waleed and I live in a small village on the Nile. My dad is a farmer. He grows tomatoes, potatoes, and onions. We have some animals, too. There are six sheep and two buffaloes. My family lives in a traditional home.

Sample Test 9

• Listen and answer the questions :

We use our senses every day to help us understand the world around us. We use our eyes to see and our ears to hear. We smell with our nose, taste with our tongue, and we can feel with our skin. Think about where you are now. Our senses are working all the time and they take in a lot of information.

Sample Test 10

• Listen and answer the questions :

I'm Eyad. I like my city because we have a lot of services. We have schools, hospitals and shops. You can buy anything you need. I can also use the bus to go everywhere. One of my favorite places is Montaza Palace. There are beautiful gardens that I sometimes visit with my family. I love my city very much.

Sample Test 11

• Listen and answer the questions :

The biggest animal on land is a mammal : the African elephant. The African elephant is bigger than the Asian elephant. The blue whale is the biggest animal in the world and it is also a mammal. The whale shark is the biggest fish in the world. It's smaller than the blue whale, at about 12 meters long.

Sample Test 12

• Listen and answer the questions :

Reptiles are cold-blooded animals. Reptiles have to spend time in the sun to keep warm. Reptiles have four legs. Some reptiles live in rivers or the sea, such as turtles, but they come to land

to lay their eggs. However, amphibians, like frogs and toads always lay their eggs in water. They have smooth skin, not scales. They can take in oxygen through their skin and their lungs.

Sample Test 13

• Listen and answer the questions :

Braille is a code which people who are blind can use to read. It has different combinations of dots. They can be a letter, number, or word. The person who reads can touch the dots to find out what they mean. Braille was invented by Louis Braille.

Sample Test 14

• Listen and answer the questions :

Two of the most popular crafts in Egypt are Khayameya and carpet making. In the past, tent makers created Khayameya to decorate huge tents for weddings. Khayameya patterns are beautifully designed using different colors. Carpet making is another Egyptian craft. A skilled person can work quickly. It takes many years to learn how to make an Egyptian carpet.

Sample Test 15

• Listen and answer the questions :

A community is a group of people that shares activities and ideas. My community includes my family, my friends and my school. Citizenship is behaving in a way that helps your society. You should do useful things to help other people, you should behave in a kind and fair way.
